In the Matter of Petition of Qwest Corporation for Forbearance Pursuant to 47 U.S.C. § 160(c) in the Minneapolis-St. Paul Metropolitan Statistical Area. WC Docket No. 07-97

Dear Ms. Dortch:

Qwest Corporation ("Qwest") hereby requests highly confidential treatment of certain information included in the associated *ex parte*. The highly confidential information includes: retail access lines in the Minneapolis-St. Paul Metropolitan Statistical Area ("MSA") broken out by wire center, and quantities of wholesale services purchased by competitive local exchange carriers in the Minneapolis-St. Paul MSA, broken out by wire center.

The highly confidential information is submitted pursuant to the June 1, 2007 Second Protective Order (22 FCC Rcd 10134, DA 07-2293) in WC Docket No. 07-97. As required by the Second Protective Order, the highly confidential information is marked HIGHLY CONFIDENTIAL – SUBJECT TO SECOND PROTECTIVE ORDER IN WC DOCKET NO. 07-97 BEFORE THE FEDERAL COMMUNICATIONS COMMISSION. Pursuant to the Second Protective Order, Qwest requests that the non-redacted version of this *ex parte* (containing highly confidential information) be withheld from public inspection.

Qwest considers this highly confidential information as being extremely competitively-sensitive in nature. This type of information is "not routinely available for public inspection" pursuant to both Federal Communications Commission ("Commission") rules 47 C.F.R. §§ 0.457(d) and 0.459 (as Qwest explained and for which it provided legal justification in its Request for Confidential Treatment and Confidentiality Justification submitted with its four Petitions for Forbearance).

Ms. Marlene H. Dortch July 2, 2008

Re:

In the Matter of Petition of Qwest Corporation for Forbearance Pursuant to 47 U.S.C. § 160(c) in the Minneapolis-St. Paul Metropolitan Statistical Area. WC Docket No. 07-97

Dear Ms. Dortch:

Qwest Corporation ("Qwest") files the attached updated data to update the retail access line counts and wholesale services data in the record for the Minneapolis-St. Paul Metropolitan Statistical Area ("MSA"). Qwest provides retail line counts by wire center, updating the data provided on May 2, 2008. The column headed "Business Lines" on the attached chart corresponds to the column headed "Total Business Lines" on the chart filed on May 2. Accordingly, the column headed "Total Qwest Retail Access Lines" on the attached chart corresponds to the column with that title on the chart filed on May 2, 2008. Qwest has experienced even further losses across all categories of retail access lines in the Minneapolis-St. Paul MSA.

Qwest also updates Highly Confidential Exhibit 2, which provides the total quantity of Qwest wholesale services purchased by competitive local exchange carriers ("CLECs") in each Minneapolis-St. Paul MSA wire center. The attached update to Highly Confidential Exhibit 2 demonstrates that the number of CLEC lines provided in the Minneapolis-St. Paul MSA via

<sup>&</sup>lt;sup>1</sup> Per Qwest's ex parte of June 13, 2008, we are specifically requesting relief for the 58 Qwest wire centers located within the boundaries of the Minneapolis-St. Paul-Bloomington MSA.

Ms. Marlene H. Dortch July 2, 2008

Qwest's wholesale products has increased between December 2007 and May 2008. Qwest filed the December 2007 data on March 14, 2008.

Respectfully submitted,

/s/ Daphne E. Butler

Note 1: Consistent with the methodology ordered by the FCC in its TRRO, wholesale DS1 services are counted at full capacity of 24 DS0s and DS3 services are counted at full capacity of 672 DS0s. Unlike with other wholesale categories, Qwest has no way of determining whether UNE-L and EEL lines are used by the CLEC to serve business customers or residence customers. Because Qwest believes these lines are predominantly being used to serve business customers, they are accounted for in the Business Lines section of this analysis.

Note 2: Platform-based lines shown in this column include the sum of QPP, QLSP and UNE-P lines.
